# TARIFF BILL SEEN-FINAL STAGE

## Eleven Men Struggling to Evolve a Law which will be Acceptable to Everybody.

### THE CONFERENCE STAGE NOW REACHED.

#### Conferees from Both Houses Realize that Some Concessions Must be Made—Fight Hinges on Number of Changes Made by Senate Conferees Can be Induced to Accept—Conclusion in Two Weeks.

Washington, July 11.—Making a tariff bill that will most nearly meet the wishes of the greatest number of people and at the same time raise sufficient revenue for the expenses of the government—that is the task with which for some months both houses of congress have wrestled, and the task which has now reached what might be called the semi-final or conference stage.

**Law Acceptable to All.**  
Eleven men, five republican senators and six republican representatives, have shouldered the responsibility of evolving from the two tariff bills passed by the senate and house a law which will be acceptable, not only to both houses of congress, but also to the president and above all to the mass of the people.

While the conferees from both houses desire to have retained in the bill the schedules as approved by their respective branches, none realize better than they that they must make concessions. Their present determination is not to yield or give way to a more conciliatory attitude as the conference wears on.

**Will It Provide Sufficient Revenue?**  
The senate made 847 changes, many of them nearly verbal, in the tariff bill as it passed the senate. Members of the house claim the latter's measure comes closer to meeting the public demand for a "revenue law" than does the senate bill. Whether it will provide all the revenue needed to run the government is a question. The

### THAW WILL APPEAR BEFORE JUSTICE MILLS TODAY

#### Continuation of the Inquiry into His Present Mental State.

White Plains, N. Y., July 11.—Harry H. Thaw, the playboy of Stanford White, will appear before Justice Mills tomorrow in the supreme court at the continuation of the inquiry into his present mental state. Thaw, his counsel, Charles Morosauer, and his mother and several other relatives who have taken up their residence here to attend the hearings, are greatly pleased over the decision of Justice Gaynor of Brooklyn, who has ordered a change of venue to New York county. They build their hopes of the plaintiff's ultimate acquittal on Justice Gaynor's decision. District Attorney Jerome of New York, who opposes the release of Thaw, has taken as a direct factor and keeps the trial in this county. The case is now entirely in the hands of the attorney for the defense, who is assisted by Attorney General Roger Clarke who conducts the opposition to Thaw's release. It is said that the longest testimony of witnesses, including physicians and attendants, who have had the prisoner under their care, will be given by the latter in his own defense. He will testify that in his opinion he is still sane and a dangerous man to be at large. The defense attorneys will attempt to refute this testimony with that of a large number of lay witnesses who have asserted that Thaw is sane since his confinement, and several physicians who are said to have examined him. It seems likely that both sides will call the testimony of experts to support their position. The testimony of witnesses who had had the prisoner in their care, and others who had observed him during the past eighteen months should be sufficient to determine the issue.

### 175 MILES IN AN AIR LINE.

#### New Record for Distance Traveled by Balloons in New England.

Topsfield, Me., July 11.—A new record for distance traveled by balloons in New England was made today by a party consisting of William Van Fleet, pilot, and E. Deserant, of Pittsfield, Mass. The balloons, which were launched from the town of Topsfield, landed at Peapack Mills in this town at 3.35 a. m., having traveled 175 miles in an air line. The longest previous distance was 164 1/2 miles, covered by Mr. Van Fleet on April 19 last.

### WORK OF LAYING NEW CABLE

#### Connecting New York and St. John's, N. F., Direct.

St. John's, N. F., July 11.—The work of laying a cable connecting New York and St. John's direct will be begun this week by the steamer *Colonia* of the Commercial Cable company, which arrived here today. The new cable will be connected with one of the transatlantic cables which now land at Flemish cape, just east of St. John's, and will form the first direct cable line between New York and Europe by way of Newfoundland. The *Colonia* has on board 3,000 miles of new cable. Monday she will begin laying the cable and here to Flemish cape. She will then steam to New York and proceed to lay the new cable from that point back to St. John's.

### Crew of Damasted Schooner Rescued.

#### New York, July 11.—A wireless message via Siasconnet and Woods Hole, Mass., was received today from the schooner *America* of La Volce, an Italian line, stating that on July 8 in latitude 35.1 north, longitude 69.37 west, she sighted the schooner *Orlando* of Paeseba, P. Q., completely dismantled. The liner rescued all the crew and after setting the *Orlando* adrift, proceeded. She is due in New York tomorrow. The *Orlando* was a schooner of 99 tons. She was bound from Paeseba to Barbados.

### Conferees at Work.

#### Washington, July 11.—The senate and house conferees yesterday began the work of adjusting differences in the tariff bill, reaching an agreement on about one hundred items.

#### Pastor Locked Out of Church

##### SIGN POSTED WHICH READ "NO SERVICES TODAY."

Rev. J. Howard Tate

Of the Second United Presbyterian, New York City, Found Doors Closed Against Him—Cause of Split.

New York, July 11.—When the Rev. J. Howard Tate approached the Second United Presbyterian church in West Eleventh street today just before the usual hour for morning services, he found the doors closed against him. A sign on the iron railing, "No services today. Closed by order of the board of trustees." Three months ago Dr. Tate resigned, the congregation met, and his resignation was accepted, and sent to the presbytery for its official recognition. It is said that Dr. Tate has continued to preach until today when those of the congregation who are opposed to him adopted the scheme of locking him out.

### FLEET OF U. S. WARSHIPS

Assemble for Practice Manoeuvres—Vessels Represent Value of Nearly \$200,000,000—Review by President.

Provincetown, Mass., July 11.—Skiing the inner tip of Cape Cod there lies the harbor of Provincetown and nearby waters tonight the largest and most notable fleet of warships ever assembled for active duty under the Stars and Stripes, every vessel of the half-hundred in readiness for practice manoeuvres which will tax the ingenuity and skill of the foremost naval minds of the country for the next month.

**Drawn Upon Two Parallel Lines.**  
The vessels, including 14 battleships, 10 cruisers, 10 torpedo boats, submarines, refrigerators, tenders and supply ships, numbering 54 vessels all told, and representing a value of nearly \$200,000,000, are drawn up in two parallel lines extending around Race point along the cape to Truro, four miles beyond the close of the week, according to the plan of the American fleet.

### STATEMENT BY INDIAN ASSASSIN

Murderer of Colonel Wyllie was Prompted by Patriotic Motives—Declared that His Crime was Premeditated and that He is Ready for Death Sentence—Committed for Trial at Old Bailey, London, Police Court

London, July 11.—Madarali Dhinagar, an Indian student who on the night of July 1, at the conclusion of a public gathering at the Imperial institute, shot and killed Lieutenant Colonel Sir William H. Curzon Wyllie and Dr. Caves Lalacha, was yesterday committed for trial at the Old Bailey for murder.

The police court proceedings lasted the whole day and but little new evidence was elicited. The prosecution placed before the jury documents containing the prisoner's handwriting which seems to show conclusively that the crime was long premeditated and in revenge for alleged wrongs to Indians.

**Prisoner's Statement.**  
The prisoner, in a brief statement, said: "I do not wish to say anything in defense of myself, but simply to prove the justice of my deed. As for myself I do not think that an English law court has any authority to arrest and detain me in prison or to pass on a sentence of death. That is the reason why I have not employed counsel. I maintain that if it is patriotic for Englishmen to fight against Germany which is already warring, it is much more justifiable and more patriotic in my case to fight against the British government which has been responsible for the murder of 80,000,000 of my countrymen during the last fifty years and that they are also responsible for the taking of India of one hundred million people from India to this country. I also hold that they are responsible for the hanging and deportation of my patriotic countrymen who do just what the English here are advising their countrymen to do. If the Germans have got no right to occupy this country, then the English have no right to occupy India and it is perfectly justifiable on our part to kill any Englishman who is polluting our sacred land."

**Longs for Death Sentence.**  
After expressing surprise at the "for extended time" the English are posing as champions of the oppressed in the Congo and in Russia, Madarali continued: "In this country I am occupied by the Germans and if an Englishman, angered at seeing the Germans walking about with the innocent of conquerors in the streets of London, kills one or two Germans and is upheld as a patriot, then certainly I am a patriot too, in working for the emancipation of my motherland. I make this statement not for the purpose of pleading mercy or anything of the kind. I wish the English would sentence me to death, for in that case the vengeance of my countrymen will be satisfied. I wish to see the statement to show the justice of my cause to the outside world, especially to our sympathizers in America and Germany."
